Re: Petition of Addison Solar Farm, LLC, pursuant to 30 V.S.A. § 248, for a certificate of public good authorizing the installation and operation of a one MW solar electric generation facility located at Route 7 and Monkton Road, Ferrisburgh, Vermont

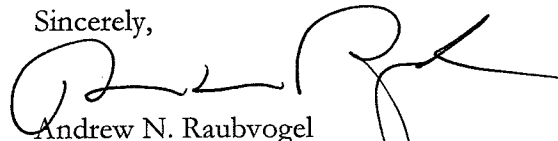

Dear Dave:

Enclosed please find a copy of the Petition of Addison Solar Farm LLC, filed today with the Public Service Board under 30 V.S.A. § 248, for a Certificate of Public Good authorizing the construction and operation of a one (1) MW solar electric generation facility located at Route 7 and Monkton Road in Ferrisburgh, Vermont, to be known as the Ferrisburgh Solar Farm Project.

Addison Solar Farm LLC respectfully requests the Department of Public Service to make a determination under 30 V.S.A. § 202(f) as to the Project's consistency with the Vermont Electric Plan. The issue is addressed in the joint prefiled direct testimony of Ernest Pomerleau and Leigh Seddon.

Please let me know if you have any questions concerning the filing. We look forward to hearing back from the DPS at your earliest convenience.

Sincerely,

Andrew N. Raubvogel
