**Subject:** Addison Solar Farm

Hi Leigh,

This is formal notice from Green Mountain Power that the Addison Solar Farm has past through the Rule 5.500 Fast Track Process. And will be proceeding straight to an Interconnection Agreement.

Would you like to participate in a Scoping Meeting with GMP as described in Rule 5.500?

Please be aware that we are going to try to get the Agreement together as swiftly as possible but because you are one of the first Standard Offer participants to have passed Fast Track it might take a little longer than anticipated. We are working closely with John Spencer the Standard Offer Facilitator to expedite this.

Congratulations!
